

What Are Grainwise Readers Saying?

"I appreciate the friendliness and real effort to help me, the farmer. Market Master readily recommends selling even if I find my own market and the price is right. Market Master is a true farmer's advocate."

Clarence Assenheimer, Barrhead, AB (since 1998)

"I enjoy Grainwise very much."

Gerald Tanski, Boyle, AB (since 2001)

"I like dealing with Market Master because I know they're trying to do the best for me—to make my business more profitable with timely advice; they're interested in how my operation is doing. They understand my level of marketing knowledge and fills in parts I'm unfamiliar with. Knowing what I have in-store and what I expect for a return lets them find prices favourable to me. I get contacted in the field when I'm unable to check prices myself—my job is easier. The advice they've provided over the years has been a huge benefit and, often, translated into much better prices, more than offsetting the five cents charge."

Mitch Lokke, Leduc, AB (since 1998)

"I like the personalized service."

Don Gibson, Sangudo, AB (since 2000)

"I find Market Master very helpful when it selling my feed grain, especially barley and oats. I read Grainwise weekly and really enjoy the comments. Continue the good work!"

Ed Djos, Sedgewick, AB (since 1998)

"I look forward to reading Grainwise online every weekend. I find John Stewart's articles very informative as he has a pulse on the factors driving the markets. It's also very interesting to see what type of pricing has taken place for various Alberta locations. Keep up the good work!"

Cliff Moroziuk, Mundare, AB (since 2000)

"Grainwise keeps me informed of the trends in grain prices. It helps make decisions which are always tough a little easier. By knowing what other producers are getting in my area for their grain, I know if I'm being offered a fair price for my own grain."

Alan Holt, Bashaw, AB (since 1999)

"Grainwise keeps me well informed of the current markets. The prices are good. The service is great!"

Randy Cannan, Innisfree, AB (since 2000)

What Are Grainwise Readers Saying?

"We've marketed grain through Market Master for the last five years. Market Master has outdone the local grain buyers in pricing every year. Market Master finds the little markets that helps the seller get better pricing. Great job again in 2001!"

Squair Grain Farms, Sedgewick, AB (since 1997)

"I watch barley prices to buy barley."
Barnett Farms, Strathmore, AB (since 2001)

"I like the personal service and weekly commentary that I get from Market Master. I make extra dollars when Market Master phones me with special deals. Thanks for the service and convenience."

Greg Lumley, Vermilion, AB (since 1997)

"Grainwise is simple, easy to read and written in farmer's language. Good price value for the information provided."

Ross Boese, Meeting Creek, AB (since 1998)

Listening to Future Markets

When you're in the field and the radio spurts out changes in Winnipeg futures markets, here are conversions to keep in mind. For example, if barley goes up \$3.00/MT, that equals to \$0.07/bu—unfortunately that increase doesn't always go in your pocket. Basis is the other part of the equation. Call us anytime for a discussion on basis and how it works with your bottom line cash price.

\$1.00 per tonne equals what per bu?

	Price per MT	Conversion to bu	Price per bu
Barley	\$1.00	/ 45.93	\$0.022
Wheat, Peas	\$1.00	/ 36.744	\$0.027
Canola	\$1.00	/ 44.092	\$0.023
Oats	\$1.00	/ 64.842	\$0.015
Flax, Rye	\$1.00	/ 39.368	\$0.025

Weighing Your Oats

More and more often, buyers ask that oats be measured using the metric system—the standard set by the Canadian Grain Commission. Oats should be weighed in “kilograms per hectalitre” or “**grams per half litre**”. Here are some equivalencies to keep in mind:

	kg/hL	g/0.5L	Avery	Winchester
#1 CW	56.0 kg/hL	260 g/0.5L	44.9 lb/bu	40.4 lb/bu
#2 CW	53.0 kg/hL	245 g/0.5L	42.5 lb/bu	38.0 lb/bu
#3 CW	51.0 kg/hL	235 g/0.5L	40.9 lb/bu	36.5 lb/bu
#4 CW	48.0 kg/hL	220 g/0.5L	38.5 lb/bu	34.1 lb/bu

Preferred Varieties

The most preferred varieties of oats we’ve found by buyers include: Derby, Calibre, CDC Boyer, CDC Dancer, AC Juniper, and AC Morgan.

Preferred Varieties

Every year, 2-row feed barley becomes increasingly popular. In fact, more and more endusers are requesting 2-row, 50 lb barley for their minimum specifications. The top preferred variety in the feed market is CDC Dolly.
